

Dushanbe Energy Storage Supercapacitor Company

Dushanbe Energy Storage Supercapacitor Company

What makes LICAP a top 10 supercapacitor company? One of top 10 supercapacitor companies LICAP has always been committed to the development and production of energy storage solutions with market-leading levels. All along, through continuous research and development and improvement of its own technology, it has met the growing demand for energy storage in the market and various applications. What are supercapacitors? Supercapacitors are the most advanced energy storage devices in the world. Combining the qualities of capacitors with the most advanced batteries, supercapacitors have a 10X lifespan over Lithium batteries, faster charge and discharge rates and the lowest lifetime cost of energy of any energy storage device in the world. Do supercapacitors have a high energy density? 1) The energy densities of electrochemical capacitors are not high. Currently, there remains a noticeable gap between the energy densities of supercapacitors (
